

## EC2

The screenshot shows the AWS Management Console interface for EC2 Instances. The top navigation bar includes the AWS logo, 'Services', a search bar, and user information. The left sidebar shows the 'Instances' section selected. The main content area displays 'Instances (1)' with a search bar and a filter for 'Instance state = running'. A table lists the instance details:

Name	Instance ID	Instance state	Instance type	Status check	Alarm status	Availability Zone
Team01-TestEC2	i-01fb9170b44b03b83	Running	t2.micro	2/2 checks passed	No alarms	us-east-1

## RDS

The screenshot shows the AWS Management Console interface for Amazon RDS Databases. The top navigation bar includes the AWS logo, 'Services', a search bar, and user information. The left sidebar shows the 'Amazon RDS' section selected. The main content area displays 'Databases (1)' with a search bar and a filter for 'Group resources'. A table lists the database details:

DB identifier	Status	Role	Engine	Region & AZ	Size	Actions
cscott-testrds	Available	Instance	MySQL Community	us-east-1d	db.t3.micro	2 Actions
